

The Board of Education, its officers, and employees shall not discriminate against any employee or applicant for employment on the basis of race, color, national origin, creed, religion, marital status, military status, veteran status, sex, age, disability, sexual orientation, predisposing genetic characteristics, domestic violence victim status or other legally protected status.

This policy of nondiscrimination includes recruitment and appointment of employees, and employment pay and benefits.

Additionally, the District does not discriminate on the basis of sex and prohibits sex discrimination in any education program or activity that it operates, as required by Title IX, including in admission and employment.

The Board believes it to be in the interest of both students and the public to have a staff which is highly qualified and effective in performing the duties assigned to them, and which contains a healthy diversity of personal backgrounds.

The Superintendent of Schools shall ensure that applicants for open positions in either the administrative, instructional or support staff of the district, are actively sought from members of any minority group which is underrepresented in that staff.

Candidates for open positions, as well as for promotion and transfer, will be evaluated on the basis of education, experience and ability, to determine fitness to perform the duties of the position.

At no time will any candidate for employment, a current employee or former employees suffer any adverse action, or be granted any benefit, for any reason other than personal merit or conduct, or in violation of any law or regulation.

Any person noting or suspecting a violation of this policy is encouraged to bring the matter to the attention of the Superintendent or the Board.
